Allowable Subject Matter

Claims 2-3, 6-7, 11-12, 14-15 and 19-23 are allowed.

The following is an examiner's statement of reasons for allowance: A review of the prior art fails to disclose deciding a format of an email attachment based on a discriminated result or response time of a server. As per claim 22, a thorough review of the prior art fails to disclose or render obvious "detecting a response time by executing a connection status searching command against the detected recipient's server; deciding a format of the data to be attached to the e-mail depending on the detected response time". Independent claim 23 is directed to similar inventive concepts as the prior art fails to disclose "discriminating whether a relay server having a prescribed property exists on the searched route; deciding a format of the data to be attached to the e-mail depending on the discriminated result".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chirag R Patel whose telephone number is (571)272-7966. The examiner can normally be reached on Monday to Friday from 8:00AM to 4:30PM. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nathan Flynn, can be reached on (571) 272-1915.
